

SEL HIGH IMPACT FOR LITTLE TIME/COST

Let our ACT Out social-issue theatre program help you with your ESSER II grant programming!

- The ACT Out Ensemble uses scripted content (scenarios) generated to meet an audience's needs and transforms it into improvisational, interactive theater performances. Actors deliver performances focused on a variety of topics salient to youth and adolescents, including bullying and cyberbullying, diversity, inclusion, conflict resolution and the core topics associated with SEL programming that are followed by frank, research-based and to-the-point analysis by both audience and presenters.
