

ATTENTION SCHOOL ADMINISTRATORS:

Announcing a NEW SEL program available for EANS funding through the IDOE!

The ACT Out Ensemble, an **award-winning, evidence-based social issue theatre program** headquartered in Indianapolis, has recently been approved as an official EANS Vendor through the Indiana Department of Education, AND we have listed **your school** as a school we'd like to offer our services to! When searching the IDOE EANS portal, just look under our **nonprofit** legal vendor name **(Claude McNeal Productions)**, and that's where you'll find the services provided by ACT Out.

The ACT Out Ensemble uses scripted content (scenarios) generated to meet an audience's needs and transforms it into **improvisational, interactive theater programs**. Professional actors deliver performances focused on a variety of topics salient to youth and adolescents that are followed by frank, **research-based and to-the-point analysis** by both audience and presenters.

A low cost/high impact program with minimal involvement from schools (only a 1-hour investment), ACT Out programs are proven to be a great complement to current SEL programming, and teachers gave it a 97% - 100% fidelity rate **(it met expectations)**. **We are the only evidence-based program of its kind in the state of Indiana!** To view a one-minute promotional video, click [here](#).
